-nothing new to report

-Next Council: Sofia's house.

-Motion to adjourn: Sofia (Johanna)

Monthly Lionsdale

Dance Report

Greetings unto the Seneschal of Lionsdale and its populace, the following is the full report for July AS43 being the year 2008.

- Lionsdale dance has occured every Tuesday evening from 7:30 - 9:30 PM with attendance of 15 individuals each week, with the exception of July 1st.
- It was decided at dance practice that the students enjoy the format we have compiled for the ball. Dances are chosen and practiced according to a set schedule for a two month period, with a variety of other dances to keep things interesting, then the last week before the ball, there is a practice where dances are requested for final brush ups, the following

week the ball is danced with as little calling and teaching as possible. The next ball will be held on September 2, 2008.

- The testing format for La Misura di Ballare has worked well with the less formal format. More applicants have successfully passed the testing with a less stressful format. Lady Tessa managed to compile a list of all dances tested as well as what is needed to pass that section for each applicant.
- Practices are continuing to go well with the new "Code of Conduct" in place. With the code of conduct in place, more dancing occurs rather than horseplay.
- With the regular attendance of the Lions Gate dance group, the Lionsdale group has an influx of new dances on a regular basis.
- The Lionsdale dance group has seen an increase in the level of learning of the regular attendees, most with the ability to dance some of the more intricate and difficult dances with grace and ease.

This concludes Lionsdale dance report, July AS43 being 2008.
